Warrensville Hts 3-A was determined to have one Election Day ballot with a light checkmark for O'Bannon. The M100 scanner did not read this mark and counted the race as undervoted for the Official Count. A hand count of the ballots during the Audit showed the ballot to be marked with a vote for O'Bannon. The count should be amended to increase O'Bannon's Election Day total by one and reduce the number of under votes by one.
